

WORKPLACE POLICY

Kiaq Technologies Private Limited

1. Purpose

This policy establishes clear guidelines for professional conduct within Kiaq Technologies Private Limited, with specific emphasis on the responsible and respectful use of mobile phones during working hours. The company recognizes that mobile phones are essential tools in modern professional life and does not restrict their use; however, employees are expected to exercise good judgment and maintain a professional, productive work environment at all times.

2. Scope

This policy applies to all individuals working at or visiting Kiaq Technologies premises, including:

- Full-time and part-time employees
- Interns and trainees
- Contractors, consultants, and third-party vendors
- Visitors during their time on company premises

3. General Workplace Conduct

3.1 Professional Environment

All employees are expected to contribute to a respectful, inclusive, and productive workplace. The following standards apply at all times:

- Maintain a courteous and professional demeanor with colleagues, clients, and visitors
- Avoid disruptive behavior that interferes with others' ability to work
- Keep workspaces clean, organized, and free from unnecessary clutter
- Adhere to scheduled working hours and meeting commitments
- Communicate professionally — both verbally and in written form

3.2 Attendance & Punctuality

- Employees must report to work on time and inform their manager in advance in case of delays or absences
- Habitual tardiness or unexplained absences may result in disciplinary action
- Any planned leave must be applied for and approved through the designated HR system

3.3 Dress Code

Employees are expected to dress in a neat and professional manner appropriate to their role and work environment. Smart casual attire is acceptable unless client-facing roles require formal dress.

4. Mobile Phone Usage Policy

4.1 Policy Statement

Kiaq Technologies permits employees to use personal mobile phones during working hours. The company trusts its employees to use their devices responsibly without compromising productivity, confidentiality, or workplace decorum. This policy is built on mutual respect — between colleagues, clients, and the organization.

4.2 Permitted Uses

The following mobile phone activities are permitted in the workplace:

- Receiving or making personal calls during breaks or when not in an active work task
- Accessing work emails, project management tools, or company-approved applications
- Using phone-based authentication tools (OTPs, 2FA) required for work systems
- Accessing personal apps during designated break times

- Emergency calls — employees may step away at any time to attend to genuine personal emergencies

4.3 Non-Permitted Uses

The following mobile phone activities are not permitted during working hours:

- Listening to music through headphones while at work — this is not permitted as it may affect work quality, team communication, and responsiveness
- Use of WhatsApp or personal chat applications for any work-related communication — all official communication must be conducted through company-approved platforms only
- Excessive personal browsing, social media scrolling, or entertainment during active work hours
- Personal video or voice calls made at the desk in open office areas
- Gaming or streaming on personal devices during work hours

4.4 Expected Conduct During Work Hours

While mobile phones are permitted, employees must adhere to the following conduct standards:

- Keep phones on silent or vibrate mode while at the desk or in shared workspaces
- Step away from the workspace to attend personal phone calls to avoid disturbing others
- Avoid excessive personal phone use that affects work output or team productivity
- Do not use phones during meetings, client calls, or presentations unless specifically required for work purposes
- Phones must be kept face-down or pocketed in team discussions unless actively used for the meeting
- Refrain from loud speaker conversations in open office areas
- Personal video calls should be taken in designated areas or private spaces

4.5 Meetings & Client Interactions

Professional conduct during meetings is critical to the company's reputation and team efficiency:

- Phones must be silenced before entering any meeting room or joining a video call
- Checking or using phones during active discussions is not permitted unless directly relevant to the agenda
- During client meetings or presentations, phones must be kept away unless being used for demonstration purposes

4.6 Confidentiality & Data Security

Employees must take responsibility for protecting company and client data at all times:

- Do not photograph, record audio/video, or screenshot any confidential material, internal screens, or sensitive documents using personal devices
- Avoid sharing proprietary information, internal conversations, or work-in-progress data via personal messaging applications
- Do not store confidential company data on personal phones unless specifically authorized and secured by IT
- Be cautious when using public Wi-Fi or personal hotspots with company systems; always use VPN where required
- Immediately report any security incident involving a mobile device to the IT team

4.7 Restricted Areas & Situations

The use of mobile phones is restricted in the following situations:

- Inside server rooms, data centers, or secure IT infrastructure zones
- During active technical troubleshooting sessions that require full concentration
- When operating machinery or equipment that demands undivided attention
- In any area designated as a 'No Phone Zone' by signage or management instruction

4.8 Photography & Recording

To protect employee privacy and company intellectual property:

- Photography within the office premises is not permitted without prior approval from HR or management

- Recording of conversations, meetings, or workplace interactions using personal devices is strictly prohibited without the explicit consent of all parties involved
- This includes but is not limited to: voice recordings, video recordings, and screen recordings of internal tools or systems

4.9 Social Media

Employees must exercise caution and professionalism when posting work-related content on social media:

- Do not share internal project details, client information, financials, or unreleased product information on any social platform
- When representing or mentioning Kiaq Technologies on personal social media, clearly indicate that views are personal and not those of the company
- Content that may harm the company's reputation or violate client confidentiality agreements is strictly prohibited
- Employees are encouraged to follow and engage with Kiaq Technologies' official social media pages to promote a positive employer brand

5. Accountability & Monitoring

Kiaq Technologies trusts its employees to exercise self-discipline. However, the following accountability measures are in place:

- Managers may address excessive personal phone use that visibly impacts individual or team performance
- Repeated disruptions from phone use during meetings or work hours may be flagged in performance reviews
- Violations involving confidentiality or data security will be treated with utmost seriousness and may lead to immediate disciplinary action

6. Disciplinary Action

Non-compliance with this policy will be addressed through a graduated disciplinary process:

- **First Occurrence:** Verbal counseling by the reporting manager
- **Second Occurrence:** Written warning issued by HR
- **Third Occurrence or Serious Violation:** Formal disciplinary action, up to and including termination of employment

Violations involving data security breaches, unauthorized recording, or sharing of confidential information may result in immediate termination and potential legal action, regardless of prior occurrences.

7. Reporting Concerns

Employees who observe violations of this policy or have concerns related to workplace conduct are encouraged to:

- Speak directly with their reporting manager
- Contact the HR department at hr@kiaq.in
- Submit an anonymous concern through the HR feedback mechanism

All concerns will be handled confidentially and investigated promptly. No retaliation will be permitted against any employee who reports a concern in good faith.

8. Employee Responsibilities

Each employee at Kiaq Technologies is personally responsible for:

- Reading, understanding, and complying with this policy
- Using mobile phones in a way that reflects professionalism and respect for colleagues
- Safeguarding any company or client data accessible on their personal devices
- Raising concerns or seeking clarification from HR if any part of this policy is unclear

9. Company Responsibilities

Kiaq Technologies commits to:

- Communicating this policy clearly to all employees at the time of onboarding and upon any updates
- Providing designated break areas and quiet zones that support flexible personal phone use
- Enforcing this policy consistently and without bias across all levels of the organization
- Reviewing and updating this policy periodically to reflect evolving workplace dynamics and technology use

10. Policy Review & Amendments

This policy will be reviewed annually by the Human Resources department in consultation with management. Amendments may be made at any time based on operational requirements, legal obligations, or organizational changes. Employees will be informed of any updates in a timely manner.

11. Employee Acknowledgment

All employees are required to sign and return an acknowledgment form confirming that they have received, read, and understood this Workplace Policy. This acknowledgment will be maintained in the employee's personnel file.
